Larry Lattin  
434 Upper Valley Road  
Boulder, MT 59632

Dear Mr. Lattin

This letter is to express Jefferson High School's support of your efforts to get a veteran's treatment facility in Boulder, Montana.

Jefferson High School is currently operating a four day school week. Because of this, many students should be available to work part time in such a facility. In addition, the school system is very interested in working with medical care facilities in developing a Certified Nurse Assistance (CAN) program at the high school.

Your facility would serve to help stabilize the economic situation in the community. The school system has experienced shrinking enrollment for many years because of the decline in employment in this area. The veteran's facility would not have a negative effect on the school system. We in the school system wish you great success in your efforts to get a veteran's facility in Boulder.

Sincerely,

Jim Whealon  
Superintendent/Principal
